

# EASISCHOOL 2 ON CRYOGENIC APPLICATIONS

PARIS-SACLAY AND GRENoble  
FRANCE

30 SEPTEMBER - 04 OCTOBER 2019

université  
PARIS-SACLAY

The [Horizon 2020 EASITrain](#) Project, a Marie Skłodowska-Curie (MSCA) training network, organizes its autumn school (EASISchool 2) from the 30th of September to the 4th of October 2019 at CEA in Paris-Saclay and Grenoble, France.

The EASITrain summer school will offer a unique opportunity for training on cryogenic applications. It offers advanced cryogenics lecture, exposure to the industry, cryogenics application lectures and visit to laboratories such as Neurospin, CEA labs at Paris-Saclay and Grenoble, ESRF, EMFL-LNCMI and Air Liquide. Participants will receive specialized training sessions on medical applications, accelerator applications, superconducting magnets at Paris-Saclay and space applications, instrumentation, large-scale refrigeration at Grenoble

Specifically the programme is:

- ✓ Two days (30 September – 1 October) take place in Paris-Saclay in the Neurospin laboratory.
- ✓ One day (2 October) is devoted for transport to Grenoble and visits to ESRF/EMFL-LNCMI.
- ✓ The final two days (3 and 4 October) take place in Grenoble in the MINATEC center.

The EASISchool is open to external participants (30 pers.) for the whole week training and to local participants (50 pers.) for one-day training either at Paris-Saclay or at Grenoble (see details in registration).
